

Furniture Care

In addition to offering our customers excellent product solutions, SBI offers fantastic service after the sale and complete maintenance programs. Even with just normal daily use, office furniture ends up with scuffs, tears, nicks dings and dents. We can service anything from basic touchups and small repairs to a complete renovation of large furniture components.

Customer satisfaction is our way of life, and there is no service job too big or too small for our dedicated maintenance professionals. We invite you to contact our service department at any time, with any concern.

To guarantee the longevity of your workplace solutions, we highly recommend one of our planned maintenance programs. The program can be customized to your company's requirements and include regularly scheduled service.
