

Install & Reconfigure

The installation team at SBI can install any type of workplace product. SBI installers are experts in furniture systems, and can install either newly purchased products, or relocate existing product. In today's shifting business climate, change is the dominant constant. When it comes time to reorganize your organization's workspace, SBI is ready to offer you superior service, planning a furniture reconfiguration that will optimize your office environment in an efficient, cost-effective manner.

Our staff of experienced design professionals is ready to provide a solution to any reconfiguration or workspace challenge. We have experience working with every major line of systems office furniture, including those we carry and many we do not.

Our solution will optimize your office environment in an efficient, cost-effective manner.

- SBI installers average over nine years of experience.
- Experience working with every major line of systems office furniture.
- Ability to provide a solution to any reconfiguration or workspace challenge.
- Minimal disruption to your work environment.
- A project manager is assigned to every installation or reconfiguration. Working side by side with you and your account executive, the project manager plans the entire process, coordinating the efforts of everyone involved.
