

Furniture Care

If something is worth owning, it is worth maintaining.

In addition to offering our customers excellent product solutions, SBI offers fantastic service after the sale with complete maintenance programs. We

can service anything from basic touch-ups and small repairs to a complete renovation of large furniture components. If we are unable to replace a part from our stock we will order it directly from the manufacturer. We have access to all major office furniture manufacturers.

Customer satisfaction is our goal. There is no service job too large or too small for our dedicated maintenance professionals. We invite you to contact our service department at any time, with any concern.

To guarantee the sustainability of your furniture, we recommend one of our planned maintenance programs. The program can be customized and include regularly scheduled service.

- Repair and maintenance for every major line of office furniture

- Upholstery cleaning and fabric protection
